

Door Plastic Support, DPSL

This door support device guarantees that the enclosure door will be closed properly if exposed to heavy loads and/or when the enclosure is installed on an uneven floor, which ensures that the ingress protection is maintained.

FEATURES

Description: Helps to centre the door in case of an uneven floor, as well as allowing easier closing and positioning when a heavy load is mounted (cooling units, etc). Mounted directly to the door frame on the bottom and top of the door. Highly recommended when fitting loads from 30 kg on door.

Pack quantity: 2 plastic supports with mounting accessories.
