Assembly table, EAT

The ergonomic nVent HOFFMAN assembly table, with adjustable height and multi-angle tilting, makes it easier and more comfortable for workers to assemble and wire electric panels.

The ergonomic design reduces unnecessary body movements, minimizes exertion and lifting, and improves access to components. Whether standing or sitting, workers can equip control cabinets ergonomically in the position that best suits them. The frames tilt up to 90 degrees, so workers can easily assemble all the components on the mounting plate and then slide it into the enclosure from the side.

FEATURES

- Enhances worker comfort and safety.
- Improves organization and efficiency.
- Electric operation, multi-angle tilting (0-90°), adjustable height.
- Load capacity: 350 kg.
- With the assembly frame extension, a maximum working width of 2150 mm can be achieved.
- Delivery: Assebly table base frame
