

ProLine CableTek Vertical Cable Manager, 2000x700mm, Black, Steel

Data Solutions

CATALOG NUMBER

PVF207

The ProLine CableTek Vertical Cable Manager is used for routing and bundling cable inside 700- and 800-mm wide ProLine cabinets. There are a variety of sizes provide mounting flexibility. It mounts between the frame and rack angle so equipment can be centered or aligned on one side. It replaces the reducing brackets that bridge space between the cabinet and equipment and allows front-to-back adjustment of rack angles. The latching hinged door on front conceals wiring yet allows easy access. The movable plastic spools or fingers help manage cables.
