

Swing Frame Chassis Support, SFSU

This chassis provides extra support for heavy equipment installed onto a swing frame, offering more rigidity if vibrations are caused by the environment.

FEATURES

Description: To add in-depth support and relieve pressure on heavy chassis applications.

Material: 2 mm zinc plated steel.

Pack quantity: 1 pair with mounting accessories.

Mounting requirements: For full height swing frames the SFMP can be added for more in-depth support and easy cable routing. Mounted directly to the back of the swing frame or to the Swing Frame mounting plate SFMP.
