

Keyboard Support, OIKS

This keyboard support is fixed to the control panel and is ideal when an interface with the control panel and connected enclosure is required.

FEATURES

Description: Keyboard support to be fixed to the control panel. Machining is required.

Material: Mild steel. Stainless steel available on request.

Finish: RAL 9006.

Pack quantity: 1 piece with mounting accessories.

The keyboard can be operated next to the control panel

The keyboard support makes operations easier for the end user, especially when an interface with the control panel is required that cannot be done via the touchscreen, such as programming

Control panels require machining before the keyboard drawer can be mounted
