The horizontal rail, type ST enables the isolated assembly of a backplane. The isolation is done by an insulation strip.

CERTIFICATIONS

FEATURES

For indirect backplane mounting with insulation strip

Standard where mechanical demands are high (H-ST)

Mounting top and bottom

< 28 HP not printed

Aluminum extrusion, anodized finish, conductive contact surface, with HP markings

PRODUCT ATTRIBUTES

Rack Width: 20HP
Package Quantity: 1
Finish: Anodized
Length: 106.68mm
Material: Aluminum
Product Family: EuropacPRO; RatiopacPRO; RatiopacPRO AIR; CompacPRO; PropacPRO
Product Type: Horizontal Rail
Type: Heavy, ST
Works With: Subracks; Cases

ADDITIONAL PRODUCT DETAILS

Delivery is in standard pack multiples. Pricing is per individual item.

WARNING

nVent products shall be installed and used only as indicated in nVent's product instruction sheets and training materials. Instruction sheets are available at www.nvent.com and from your nVent customer service representative. Improper installation, misuse, misapplication or other failure to completely follow nVent's instructions and warnings may cause product malfunction, property damage, serious bodily injury and death and/or void your warranty.
