

Compartments For Plug-In Connection For Power Distribution, MSCP

The galvanised steel compartment, MSCP, allows for plug-in connections with the busbar and can be pulled out from the enclosure without having to turn the power off. Maintenance can then be performed without losing power to the other parts of the enclosures, which will eliminate unnecessary downtime.

FEATURES

Description: Compartment for plug-in connection to the MSBS vertical busbar placed behind the compartments.

Material: 2 mm galvanized steel.

Delivery: 1 piece with mounting material.

SPECIFICATIONS

Thickness: 2mm
Finish: Galvanized
Material: Steel
