

# Sydney Factory Experience – From Demo to Customer Service

Welcome to our Sydney facility—a hub of innovation, expertise, and customer care. This showcase is designed to give you a complete view of our capabilities, from immersive training and live demonstrations to advanced fabrication and dedicated customer support. Whether you're exploring new solutions or deepening your technical knowledge, this experience is tailored for you.

# Key Highlights

## Demo Room

See technology in action with interactive product demonstrations

Our **Demo Room** is where ideas meet reality. Here, you'll experience live demonstrations of our latest technologies and solutions.

Engage with interactive setups that showcase real-world applications, helping you understand how our products deliver performance, reliability, and innovation. This space is perfect for exploring possibilities and asking questions directly to our technical experts.

## Training Room

Gain practical skills through expert-led sessions

The **Training Room** is designed for hands-on learning and professional growth. Participate in structured workshops and specialized courses led by our industry experts. From foundational knowledge to advanced techniques, our training programs empower you to maximize product performance and stay ahead in your field. Every session combines theory with practical exercises for a complete learning experience.

## Fabrication Area

Witness precision engineering and custom manufacturing

Step into the **Fabrication Area**, the heart of our manufacturing excellence. Equipped with state-of-the-art machinery and precision tools, this zone demonstrates how we transform raw materials into high-quality, customized solutions. Observe streamlined processes, quality control measures, and innovative engineering practices that ensure durability and performance in every product.

## Customer Services

Experience our commitment to personalized support

Our **Customer Services zone** reflects our commitment to your success. Here, you'll meet our dedicated support team, ready to provide personalized assistance, technical guidance, and end-to-end solutions. From initial consultation to after-sales care, we ensure a seamless experience that prioritizes your needs and helps you achieve your goals efficiently.

Join us for an immersive experience. Book your visit today!

**Unit E1, 3–29 Birnie Avenue,  
Lidcombe, NSW 2141, Australia**
