

Corner Baying Kit, CJDS

This baying kit, to use for baying enclosures to go through a corner, allows for the creation of a continuous mounting surface, even when there are space limitations on site.

FEATURES

Description: The enclosures can be bayed together side to front or side to side. The IP rating is thus maintained.

Material: 3 mm zinc plated steel.

Pack quantity: 1 set.

Mounting requirements: On corner configurations, door hinges must be mounted facing each other on the central area. An extra enclosure is needed in the corner with dimensions corresponding to the depths of the adjacent enclosures.
