

Pedestal System

Pedestal system enables many types of enclosures and consolets to be floor mounted for optimal viewing and operating height. Various columns and bases are available to customize and configure the desired ergonomic needs. Bases and columns must be ordered separately.

FEATURES

Columns can be mounted on either base, through the vertical column or directly to the enclosure

A cutout must be made in the enclosure if the wires are to come through the column

Columns have flanges at each end and a gasketed access plate

Screws, oil-resistant gaskets and box connector fitting are furnished with the column for joining an enclosure to the top

Bases have leveling screws and holes for bolting to the floor

SPECIFICATIONS

Color Code: ANSI 61
Color: Gray
Material: Mild Steel
Finish: Powder Coated
