

RackChiller RDHX PRO

Data Solutions

???

24630-201

The flexible hoses package for RDHX Pro connects the cooling device to facility water system. The high quality EPDM hoses perform with excellent chemical stability with typical water and glycol based cooling media. The steel reinforcement provides extended pressure capability with rated nominal pressure 5 bar and minimum burst pressure 20 bar, while the external layer protects the hoses from mechanical stress and damages.
