

Solid Copper Ground Rod, Pointed

Power Utilities

??

??

Solid copper ground rods made of high conductive hard drawn bare copper

????

Table 1/1						
Part Number	Material	Minimum Yield Strength	Length	Diameter (Ø)	Length (L)	Weight
LPC700	Copper	290MPa min	0.5in	12.7mm	2.44mm	2.76kg

??????

Due to the inherent softness of the copper material, special consideration should be given when driving this product into the soil.
